Ayer's Sarsaparilla Makes Good Blood

Prick your skin with a needle. You will see that it is full of blood. But what kind of blood? Rich and pure? Or thin and impure? Impure blood covers the skin with eczema, rashes, pimples, pustules, salt-rheum, boils, carbuncles, and other sores. These simply tell of something bad down deep in the blood itself. Ointments, washes, powders and cosmetics will not reach the evil. You must take out all impurities from the system with

AYER'S Sarsaparilla

and then see how quickly the skin troubles will disappear.
As now made, Ayer's Sarsaparilla contains no alcohol.
There are many imitations Sarsaparillas.
Be sure you get "Ayer's."
